HEALTH AND SAFETY

During the pandemic, the district's top priority has been the health and safety of our students, as well as our staff/faculty. We utilized various mitigation strategies including masking, social distancing, air filtration, and more to provide a safe learning environment.

It is estimated of our students who tested positive, less than 1% of those cases were due to community spread within our schools.

52 STUDENTS GRADUATE WITH SEAL OF BILITERACY

Fifty-two recent graduates earned a Seal of Biliteracy at graduation last year. Seven of these scholars are English Language Learners (ELLs), and one scholar earned a double seal! The New York State Seal of Biliteracy (NYSSB) recognizes high school graduates who have attained a high level of proficiency in listening, speaking, reading, and writing in one or more languages, in addition to English. This tremendous achievement is recognized by a black, white, and blue cord at graduation.

STUDENTS GRADUATE WITH SEAL OF CIVIC READINESS

Newburgh was one of the districts selected from hundreds of applicants into the NYS Seal of Civic Readiness pilot program. The work that is done in Newburgh and other pilot districts will help to set the standard for how the Seal is offered and earned across New York State starting in the 2022-23 school year. In order to earn the Seal, students must acquire points through various schoolwork and outside activities that demonstrate their knowledge of civics, as well as civic engagement.

FOUR SCHOOLS AWARDED VERIZON GRANT

In the spring of 2021 NFA North, NFA West, Meadow Hill and Temple Hill were awarded the Verizon Innovative Learning Platform Grant to help provide WiFi access for any student in need of Wi-Fi at home for their educational needs. Our teachers stepped up to volunteer their time to help our buildings complete learning pathways and submit micro-credentials to qualify for the grant.

NYSED SELECTS NECSD TO PILOT NEW PATHWAY TO GRADUATION

Newburgh was also selected by NYSED as one of the schools to pilot the new IAAP (Individual Arts Assessment Pathway) to graduation that will begin in September. The IAAP offers high school students a graduation pathway that prepares them for future professional and educational experiences and opportunities in the arts. Additionally, current research demonstrates that engagement with the arts leads to growth in cognitive skills, such as self-efficacy, empathy, and social engagement that are necessary in all areas of work and life.

NECSD HOSTED ZONE 9 AREA ALL-STATE FESTIVAL

For the first time ever, Newburgh Free Academy welcomed hundreds of students from surrounding districts traveling from Orange, Ulster, Greene, Rockland, and Sullivan counties for the New York State School Music Association (NYSSMA) Zone 9 Area All-State Festival. Students were selected based on solo evaluation results from last spring and teacher recommendations. Selected students performed in one of four ensembles, including Symphonic Band, Orchestra, Mixed Choir, and Treble Choir. Nine students from NFA participated in this prestigious event.

DISTRICT LAUNCHES SELF-CARE CALENDAR

This school year our Pupil Personnel Services (PPS) team, consisting of School Social Workers, School Psychologists, and School Counselors, have created a peer led "Self-Care Calendar" to offer our staff opportunities for wellness activities each month. Our menu of options include hiking, painting, yoga, essential oil therapy, music therapy, journaling, and zumba. Our PPS staff are often responding to crises and supporting our students with the highest needs on a daily basis. Putting on our "Oxygen Mask" first before helping those around us allows us to be present and available to help those in need.

VAILS GATE STEAM ACADEMY LAUNCHES MBK|MSK PROGRAM

Scholars from Vails Gate STEAM Academy joined My Brother's Keeper (MBK) and My Sister's Keeper (MSK). The MBK|MSK initiative was created by President Barack Obama to address persistent opportunity gaps faced by young people of color and to ensure that all young people can reach their full potential. Mrs. Russell-Scott (MBK) and Mrs. Whyte-Davis (MSK) have created a safe space for young scholars of color to freely express themselves. Through their work and activities, these students are reminded why their voice and presence is important. Scholars are learning how to better themselves and the world around them through action.

SMS SUCCESSFULLY FOCUSES ON RESTORATIVE PRACTICES

The South Middle School team has been working to build capacity to better understand our scholars and our collective roles within the school community. This year we have shifted one of our focuses toward restorative practices. The core of restorative practices is building, improving and repairing relationships when conflict arises and to better understand those around us. Restorative practices have been carried out through circles in the classrooms. When students are faced with conflict they work with teachers, counselors and administrators to transfer the learning into practice in order to address and mitigate it. We have found that students are finding their voice, learning and growing as scholars and community members. It has positive results with longer lasting effects and provides students with skills that are transferable to real life application.
