# 2019-20 Contract for Excellence Narratives

**Program Narrative -** Please address changes in your existing C4E programs, including any redesign or reallocation. Also, describe how activities support the Regents Reform Agenda.

The Newburgh enlarged City School District is in the process of developing district wide grade level content MAPS, shared interim assessments and instructional units aligned the New York State Next Generation Leering Standards for English Language Arts and mathematics, the K-12 Social Studies Framework and the P-12 Science Learning Standards. There is continued focus on our English as New Learner Students as their enrollment increases. Access to early learning opportunities in the district Universal Pre-Kindergarten and State Funded fall Day Pre-Kindergarten programs is supported through a locally budgeted share of the annual costs.

District-level administrators collaborate with school-based administrators, instructional coaches and lead teachers in department and grade level professional learning communities in each of the buildings. Professional development for teachers and other pedagogues is aligned with our locally-approved District Professional Development Plan. Targeted professional learning opportunities are responsive to community and professional annual surveys, student performance data and includes supports for our Students with Disabilities.

**Targeting Narrative -** Please address both student educational need and building-level accountability status as reflected in the attached Targeting Matrix. Explain how the district and school Comprehensive Plan supports the program.

# http://www.p12.nysed.gov/accountability/ESEADesignations.html

Fostertown, New Windsor School, Gardnertown, Horizons on the Hudson, Meadow Hill, Temple Hill, and Newburgh Free Academy Schools remain as schools is good standing. Heritage Middle School and Gidney Avenue Elementary School were identified TSI, as a result of 2018 student performance data, and Vails Gate, Balmville and South Middle Schools as CSI during this same time period. The District general fund budget increased Academic Intervention Services personnel and developed a Director for Instructional Support Services position to increase ELA and mathematics intervention services. The District invested in the following initiatives for the 2019 school year: Newcomer Language Labs at the secondary level, a new core math program (Illustrative Math) and AIS supplemental math materials (Do the Math) and ELA (Math 180) with aligned professional development; the second year of a Balanced Literacy Program with district funded leveled books rooms, new Instructional Teacher Facilitator (ITSs) positions in grade K-12 to assist with integrating technology into instructional delivery, diagnostic assessment software with aligned professional development for grade K-8 teachers to make targeted instructional decision and a Night School for over aged under credited high school students.

# 2019-20 Contract for Excellence Narratives

**Performance Narrative** - Describe the district's expected performance targets for the accountability criteria and disaggregated groups for those schools within the district not in good standing.

The District requires all school leaders to set building level growth plans according to subgroup and aggregated performance data and state accountability designations. Building Level Teams conduct data studies in content and grade level meetings to set individual targets.

Schools in Good Standing complete Level 1 Needs Assessments using the 2018-2019 K-12 Insights Survey results, student performance data and subgroup gaps. Targeted Support and Improvement (TSI) Schools and Comprehensive Support and Improvement Schools (CSI) develop School Comprehensive Education Plans also using the 2018-2019 K-12 Insights Survey results. Individual targets are set by the building leaders.

### **Experimental or District-wide Programs Narrative** - If applicable.
