

Class Rank

The Board acknowledges the usefulness of a system of computing grade point averages and class ranking for secondary school graduates, both to inform pupils of their relative academic placement among their peers and to provide pupils, prospective employers, and institutions of higher learning with a predictive device so that each pupil is more likely to be placed in an environment conducive to success.

The Board authorizes a system of class ranking, by grade point average, for pupils through the third quarter of their senior year. All pupils shall be ranked together.

In recognition of the heavier burden of certain work, grade point averages shall be weighted by awarding extra credit for each honors course.

A pupil's grade point average and rank in class shall be entered on his/her record and shall be subject to the Board's policy on release of pupil records. Rank in class shall be entered on pupils' records and on all transcripts where they will be available for review by authorized persons.
