

*Copying Copyrighted Materials*

The Board of Education encourages teachers to make judicious use of appropriate printed materials, sound recordings, and televised programs in the curriculum but recognizes that federal law, applicable to public school districts, protects authors and composers from the unauthorized use of their copyrighted work.

In order to define the fair and reasonable use that teachers may make of copyrighted works for educational purposes without the permission of the copyright owner and to reduce the risk of copyright infringement, regulations shall be promulgated regarding the copying and distribution of copyrighted materials for instructional purposes.
