2018-19 Contract for Excellence Narratives

Program Narrative - Please address changes in your existing C4E programs, including any redesign or reallocation. Also, describe how activities support the Regents Reform Agenda.

The Newburgh Enlarged City School District continues to align and modify curricula, based on the New York State Common Core Learning Standards for English Language Arts and Mathematics, the Social Studies Inquiry Framework, and the New York State Learning Science Standards.

District-level administrators collaborate with school-based administrators to systematically deliver district-coordinated professional development to teachers and other pedagogues in alignment with our locally-approved District Professional Development Plan. Professional learning includes supports to ensure that all teachers become adept with teaching across the four core subject areas to our English Language Learners (ELLs) as well as our Students with Disabilities (SWDs), using state-of-the-art technology resources, such as Promethean boards, in addition to our more traditional instructional books and manipulatives for learning.

The district continues to include the addition of a portion of the local share of the extended full-day Pre-kindergarten program.

The C4E program also includes increased staffing and contracted services to support Phase III implementation of the revised Part 154-3 and Part 154-4 regulations for bilingual general education students and bilingual students with special needs.

Targeting Narrative - Please address both student educational need and building-level accountability status as reflected in the attached Targeting Matrix. Explain how the district and school Comprehensive Plan supports the program. (See 2018-19 Accountability Status:

At the District’s schools in good standing (Fostertown, New Windsor School, Gardnertown, Heritage, Horizons on the Hudson, Meadow Hill, Temple Hill, and Newburgh Free Academy), significant investments continue to further effective instructional leadership cultures at those schools. The retention of high-quality leaders as well the provision of ongoing relevant professional learning both play a role in the District’s ongoing efforts to close the achievement gaps between the general population and our ELL and Special Education sub-groups. Similar work has taken place at our schools in TSI status (Balmville and Gidney Avenue) as well as our CSI status schools (Vails Gate and South) through the investments in leadership and through the placement of additional RtI/AIS personnel to increase the frequency and depth of ELA and mathematics services to students who are functioning far below grade level. We are steadily observing a reduction in the high volume of students requiring long-term RtI progress monitoring as well as referral for Special Education services.

C4E funding has also played a significant role in securing the right number of ENL teachers across all of our schools, K-12, so that ELLs regularly receive the appropriate units of English instruction in alignment with their NYSITELL and NYSESLAT outcomes.
2018-19 Contract for Excellence Narratives

Performance Narrative - Describe the district's expected performance targets for the accountability criteria and disaggregated groups for those schools within the district not in good standing.

The District expects to reap an estimated 3% increase in overall ELA achievement on the NYSTP assessments for grades 3-8 as it has steadily done in recent years for our Focus schools. Similarly, the overall math achievement outcomes for grades 3-8 are projected to increase by 3% for this subset of sites currently not in good standing. For the ELL and SWD sub-populations, the District seeks to close the achievement gap with the all students group by 3%.

At the high school level, the District is paying particular attention to the Regents math outcomes in Algebra and Geometry, which continue to demonstrate significantly low proficiency outcomes as well as a wide gap between the all students sub-group and ELLs.

Experimental or District-wide Programs Narrative - If applicable.
### Program Narrative

Please describe how your C4E programs, including how activities support the Regents Reform Agenda.

The Newburgh Enlarged City School District continues to align and modify curricula, based on the New York State Common Core Learning Standards for English Language Arts and Mathematics, the Social Studies Inquiry Framework, and the Next Generation Science Standards.

The district continues to deepen the design of its data-based inquiry model that will guide the analysis of data to inform instructional decisions.

District-level administrators collaborate with school-based administrators to systematically deliver district-coordinated professional development to teachers and other pedagogues in alignment with our locally-approved District Professional Development Plan. Professional learning includes supports for academic intervention.

The district continues to include the addition of a portion of the local share of the extended full-day Pre Kindergarten program.

The C4E program also includes increased staffing and contracted services to support Phase II implementation of the revised Part 154-3 and Part 154-4 regulations for bilingual general education students and bilingual students with special needs.

Targeting Narrative - Please address how your C4E programs meet student educational needs and building-level accountability status. Use the Targeting Matrix as a guide. Explain how the district and school Comprehensive Plan supports the program.
