

Supercharge your New Year's Resolutions with a Coach

Every year, about half the nation's population starts with one or more resolutions. Resolutions are all about change and self-improvement, either stopping bad habits or trying to develop good ones. But change is not easy. Even with the best of intentions, by mid-year, fewer than half of the people who made resolutions are sticking with them. Here's an idea to help you make and keep important resolutions to improve your life: Work with a coach.

Your EAP offers certified professional coaching in 18 areas. Could engaging with a coach help you?

Yes if:

- **You want to achieve a goal.** You seek a promotion at work, aim to buy a house, want to improve your marriage or simply get more out of your workday.
