To Enroll in Benefits

1. Click on “Start Benefits” on your employee home page.

2. Complete your personal information – please note all fields will be required. Click “Save and Continue”.
3. Complete dependent information. You can “add dependents” and fill out the needed information. When all dependents have been added, click “Save and Continue”
4. From here you will be taken one by one through each benefit your company offers. If a certain benefit allows dependents to be enrolled, you will see a section at the top “Who am I enrolling?”, where you can click off each dependent that you want to enroll on that individual plan.
5. You can select “Compare” to compare plans if more than one is offered, or click “Details” for information on an individual plan. There will be a column on the right for helpful resources, which will contain benefit summaries or any other needed information. As you make each selection, click “Save and Continue”
6. If any of your selections require forms to be filled out (i.e. a beneficiary form for a life insurance plan), these will be under the Forms section.
7. Lastly, upon completion of enrollment, you will be prompted to agree to your benefits, and may print a copy of your enrollment summary. Enrollment is not complete until you click “Agree” at the end of enrollment summary.
