School Principal’s Signature ____________________________ On File ____________________________ Date 11-18-15

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school’s current performance in relation to the tenets.

Superintendent’s Signature ____________________________ On File ____________________________ Date 11-18-15

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

New York State Education Department
Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district’s Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district’s website by Friday, November 21, 2014, as well as kept on file at both the school and the district offices.

Completing This Form

- Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html) contains helpful information about the rubric.
- In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
  - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
  - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
  - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- Be concise and clear when describing the evidence that supports your ratings.
- Provide information in the plan that addresses the “who, what, when, and why” of the strategies chosen to meet the needs of the school.
- **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school’s identification or be part of a whole school transformation or turnaround strategy.

**Rating**  
**Statement of Practice 2.4:** The school leader has a fully functional system in place aligned to the district’s Annual Professional Performance Review (APPR) to conduct targeted and frequent observation and track progress of teacher practices based on student data and feedback.
### Highly Effective

- The school leader and other school administrators collaboratively developed a formal school-wide plan, known to all staff and aligned to the district’s APPR plan, for frequently observing and providing actionable feedback throughout the school year on teaching practices based on student data.
- The school leader and other school administrators are implementing the school’s observation plan and providing timely, on-going, evidence-based, actionable feedback to staff that is directly aligned to established criteria, including the teaching rubric and other agreed upon evaluation instruments, and which encourages and supports staff to take ownership for the next stage of their development.
- The school leader and other school administrators monitor the plan for observing teachers and use observation data and other measures of teacher effectiveness to assign/reassign, counsel, and provide on-going targeted professional development opportunities in multiple formats (e.g., coaching, mentoring, and peer support) to staff.

### Effective

- The school leader has developed a plan, aligned to the district’s APPR plan, for frequently observing and providing actionable feedback on teaching practices throughout the school year based on student data.
- The school leader and other school administrators are implementing the school’s observation plan and providing timely on-going, evidence-based, actionable feedback to staff that is directly aligned to established criteria, including the teaching rubric and other agreed upon evaluation instruments.
- The school leader and other school administrators monitor the plan for observing teachers and use observation data and other measures of teacher effectiveness to assign/reassign, counsel, and provide on-going professional development opportunities to staff.

### Developing

- The school leader and other school administrators use an informal schedule for observing and providing feedback on teaching practices throughout the school year and/or are developing a formalized plan aligned to the district’s APPR plan.
- The school leader and other school administrators are providing feedback to staff that is aligned to established criteria, including the teaching rubric and other agreed upon evaluation instruments.
- The school leader and other school administrators do not consistently use observation data to provide on-going professional development opportunities to staff.

### Ineffective

- The school leader and other school administrators have no formal plan or schedule for frequently observing teaching practices and/or providing feedback.
- The school leader and other school administrators are not providing feedback to staff aligned to established criteria, including the teaching rubric and other agreed upon evaluation instruments.
- The school leader and other school administrators do not use observation data and other measures of teacher effectiveness to inform staffing and professional development decisions.

### Statement of Practice 3.3: Teachers develop and ensure that unit and lesson plans used include data-driven instruction (DDI) protocols that are appropriately aligned to the CCLS and NYS content standards and address student achievement needs.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
</table>
| Highly Effective | a) Teachers use targeted agendas based on student and school data to develop collaboratively unit and lesson plans to meet the demands of CCLS and grade level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) in all grades and subject areas.

b) Teachers use a full complement of curricula tools, such as pacing calendars, curriculum maps, unit and lesson plans, across all grades, content areas, and classes that incorporate a progression of sequenced and scaffolded skills for all groups of students (including special education and English language learners) and use a variety of complex materials appropriately aligned to the CCLS.

c) Teachers consistently monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards and ensure higher-order thinking skills are consistently present by providing necessary supports and extensions for all groups of students across all content areas and grades. |
| Effective | a) Teachers develop collaboratively unit and lesson plans that meet the demands of CCLS and grade-level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) and address student achievement needs in all grades and subject areas.

b) Teachers use unit and lesson plans across all grades, content areas, and classes that incorporate a progression of sequenced and scaffolded skills for all groups of students (including special education and English language learners) and use a variety of complex materials appropriately aligned to the CCLS.

c) Teachers monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards and ensure higher-order thinking skills are consistently present by providing necessary supports and extensions for all groups of students across core content areas and grades. |
| Developing | a) Teachers individually or inconsistently collaborate to develop unit and lesson plans based on student data to meet the demands of CCLS and grade level DDI protocols (e.g., documentation of ongoing analysis of formative and summative assessments, student work, use of rubrics) in all grades and subject areas.

b) Teachers use lesson plans that are either inconsistently aligned to CCLS or are aligned to the CCLS but do not use a variety of complex materials that incorporate a progression of sequenced and scaffolded skills.

c) Teachers either are in the process of developing protocols to monitor and adjust curricula to support the CCLS instructional shifts and NYS content standards, or teachers inconsistently monitor and adjust curricula across the school, or teachers monitor and adjust no more than twice a year for all groups of students across content areas and grades. |
| Ineffective | a) Teachers do not use formal structures and data to work collaboratively to develop unit and lesson plans.

b) Teachers use lesson plans that are not aligned to CCLS.

c) Teachers do not monitor and adjust curricula, and there is no plan to begin to do so. |

Please indicate the evidence used to determine the rating.

**Rating** | **Statement of Practice 3.5:** Teachers implement a comprehensive system for using formative and summative assessments for strategic short and long-range curriculum planning that involves student reflection, tracking of, and ownership of learning. |
|-----------|-------------------------------------------------------------------------------------------------------------------|
| **Highly Effective** | a) Teachers have and use strategic comprehensive assessment system for using multiple measures of data: structure and protocols for analysis, plan to track progress over time on explicitly identified targets, creation of pre- and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.  
  b) Teachers create and use a variety of appropriate, common assessments data (including pre-, post-, formative and summative) across all grades and subject areas ensuring alignment between the curriculum and assessment tools.  
  c) Teachers have a system for providing regular and explicit feedback to students that is based on data and facilitates student ownership of learning. This system includes student use of rubrics to complete assignments, student self-assessment, and student tracking of individual progress, and student reflection upon and adjustment of individual learning strategies to address explicit teacher feedback. |
| **Effective** | a) Teachers have and use a comprehensive system for using data: identified targets, pre-and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.  
  b) Teachers use pre-, post-, formative and summative assessment data across all grades and subject areas, ensuring alignment between the curriculum and assessment tools.  
  c) Teachers provide on-going feedback on data to students, supporting student ownership of learning. |
| **Developing** | a) Teachers are beginning to develop a system to analyze and use data to make curricular decisions.  
  b) Teachers are in the process of developing multiples types of assessments to ensure alignment between curriculum and assessment, or the use of the variety of assessments is inconsistent throughout the school.  
  c) Teachers are learning to provide feedback based on data to students to address student ownership of learning. |
| **Ineffective** | a) Teachers discuss data, but these discussions do not inform curricular decisions.  
  b) Teachers do not use a variety of assessments, or the assessments used are misaligned. |
c) Teachers do not provide feedback based on data.

### Statement of Practice 4.3: Teachers provide coherent, and appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students.

<table>
<thead>
<tr>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
</table>
| **Highly Effective** | a) Teachers use instructional practices that are systematic and explicit, based on sequential lesson plans appropriately aligned to CCLS (or content based standards), and reflective of the CCLS SHIFTS to instruct all groups of students.  
b) Teachers stimulate deep levels of thinking and questioning in students through the use of adaptive CCLS (or content based standards) instructional materials that contain high levels of text and content complexity and multiple strategies to provide a wide variety of ways to engage in learning. |
| **Effective** | a) Teachers use instructional practices appropriately aligned to CCLS (or content based standards) lesson plans are reflective of the CCLS SHIFTS to instruct all groups of students.  
b) Teachers stimulate student thinking by asking questions through the use of adaptive CCLS (or content-based standards) instructional materials that contain high levels of text and content complexity. |
| **Developing** | a) Teachers are beginning to develop lesson plans that are appropriately aligned to CCLS (or content based standards) and reflective of the CCLS SHIFTS to inform their instructional practices, or some teachers use instructional practices aligned to CCLS lesson plans and reflective of the CCLS SHIFTS in specific content areas.  
b) Teachers across the school do not consistently ask higher-order thinking questions, or the instructional materials do not contain high levels of text and content complexity. |
| **Ineffective** | a) Teacher instruction is not aligned to CCLS or content-based standards and not based on lesson plans.  
b) Teachers use strategies and ask questions that require only basic knowledge of the subject and limit ways in which students are able to acquire learning by providing a single point of access for all students. |

<td><strong>Highly Effective</strong></td>
</tr>
</tbody>
</table>
|        | a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school's priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.  
  b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.  
  c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working. |
|        | **Effective**                                                                                                                                                                                                                                                 |
|        | a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.  
  b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.  
  c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working. |
|        | **Developing**                                                                                                                                                                                                                                               |
|        | a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and families.  
  b) The school community is beginning to use a plan to encourage students and families to learn about the expectations for student academic achievement, or a limited number of staff members are having these conversations with students and families.  
  c) The school staff is working to adjust their efforts to build family-school relationships, or only some staff regularly review and adjust their efforts to building relationships to foster high expectations for student academic achievement. |
|        | **Ineffective**                                                                                                                                                                                                                                              |
|        | a) The school leader has not prioritized communicating high expectations for student academic achievement, and there is little or no evidence that staff communicates these expectations to students and families.  
  b) The school community does not promote or engage students and families in conversations regarding student academic expectations.  
  c) The school staff is neither examining nor adjusting the school's efforts to build relationships with students and families to foster high expectations for student academic achievement. |

GFMS Local Assistance Plan 2015-2016

Team:
Lillian E. Torres Principal (Tenet 2)
Beverley Johnson Asst. Principal (Tenet 6)
Gina Juneau Kindergarten/Bilingual (Tenet 5)
Caitlin Monaco 1st grade (Tenet 6)
Anne Havey 2nd grade (Tenet 3)
Marisol Maloy 2nd grade/Bilingual (Tenet 3)
Carla Carbone 3rd grade (Tenet 4)
Caitlin Feeley 4th grade (Tenet 2)
Diane Wilson 5th Grade (Tenet 4)
Scheherazade Makki ENL (Tenet 6)
Jessica Berte Special Education (Tenet 3)
Claudine Cottini Resource (Tenet 4)
Samantha Mitchell AIS Reading (Tenet 5)
Robin Phillips AIS Math (Tenet 4)
Katherine Santos Psychologist (Tenet 5)

The GFMS Local Assistance team met on October 20th to receive training on how to develop the local assistance plan according to NYS guidelines. Training took place at the district office and was led by Deputy Supt. Mr. Ed Forgit. The goal of the 1st session was to develop understanding of the school’s status, obtain guidance on the process for completing the plan and determine the current and desired state of our school. NYS ELA and Math from 2012-2015 was used to generate conversations pertaining to current school status. Each member of the team was assigned a tenet. Each team identified high priority action items for the plan.
On October 24th the team met to begin the process of creating the Local Assistance Plan. The following data sources were used: NYS ELA and Math Assessment results, K-12 Insights Survey, 2013-14 DTSD School Report, Safe Schools behavior reports (referrals and suspensions), 2015 Instructional Review Baseline Report, 2014-15 APPR-Danielson Formal Observation Report and artefacts from each tenet. The DTSD rubric was used to rate the current status of each tenet. Once consensus on each tenet rating was achieved the team began the process of identifying priority actions steps that will move the school to a desired state of excellence and high academic achievement.

On October 27th the team met to complete the plan. The plan was presented to the faculty and staff on November 3rd during the faculty meeting by the team. Faculty and staff were encouraged to provide feedback on the plan. The plan was presented to representatives of GFMS parents on November 6th and were also encouraged to provide feedback. Both groups unanimously approved the plan. The Plan was submitted to the Deputy Superintendent and the Superintendent for review and feedback.
Timeline of Implementation
(Refer to plan for specific activity)

Tenet 2
2.2 October 2015-November 2015 (Setting grade level reading goals)
   December 2015-June 2016 (Monitoring goal progress)
2.3 August 2015 (Balanced class lists) and June 2016 (to develop 2016-17 class lists)
   January 12, 2016-May 12, 2016 (Extended Morning ELA/Math Program)
2.5 October 12th-February 12th (Formal Observation Cycles)
   March 2016-May 2016 (Informal Observation Cycles)

Impact: Smart Goals High academic outcomes for all students via systems and structures
          that are known and understood by all school community stakeholders.

Tenet 3
3.2 October 2015-June 2016 (CPT schedule)
   Faculty /Grade Level meetings according to set schedule Sept.-June 2016
3.3 October 2015-June 2016 (CPT schedule)
   Lesson plans October 2015-June 2016 (submitted for review every Monday)
3.4 October 2015-June 2016 (Faculty meetings + 1 A-F CPT cycle)
3.5 September 2105, January 2016 and May 2016 according to District Assessment
   Schedule
   June 2016 (Data Wise Conference)

Impact: Maximized teacher instructional practice which will lead to greater student
         learning outcomes.

Tenet 4
4.2 June 2016 (Data Wise Conference)
   November 19th (Data Dig Day)
   December 18th June 15th (Data Team Meeting 1d per month according to schedule)
4.3 June 2016 (Data Wise Conference)
4.4 August 26th and 27th 2015 (TLIM) training
   December 2015-June 2016 (Specific dates pending on TLIM grant approval)
December 2015, March 2016 and June 2016 (Student goals)

4.5 October 2015-June 2016 (Curriculum -modules)
  June 2015 (Data Wise Conference)

**Impact:** Maximized teacher instructional practice that will lead to greater student learning outcomes.

---

**Tenet 5**

5.2 August 26th-27th 2015 (TLIM training)
  Sept. 2015-June 2016 (Indicated on GFMS IE document)
5.3 December 2015-June 2016
  November 2015 (Elections) December 2015-June 2016 (According to LHT Schedule)
5.4 November 25th PD on the Effects of Poverty on Cognitive and Academic Development
  December 2015-June 2016
5.5 December 2015 begin Resource guide-June 2016 Resource guide completed And shared with school community.

**Impact:** A strong, healthy, respectful, and safe learning environment for all constituents.

---

**Tenet 6**

6.2 January 21, 2016 (Survey)
6.3 January 2016 (starting process) to be implemented Sept. 2016
6.4 January 21, 2016

**Impact:** Strong partnership between school community and each home to ensure student academic progress and social emotional growth and well-being.
