September 2016

Dear Parent/Guardian/Student:

Registration for the fall 2016 semester with Mercy College is now underway. The articulation agreement between Mercy College, located in Dobbs Ferry, New York and Newburgh Free Academy affords students in selected advanced placement (AP) courses the opportunity to earn college credits for a reduced fee. Many colleges and universities accept these credits for advanced standing or to reduce the semester course load.

**Students interested in earning college credit through Mercy College for the fall 2016 semester may register online at [www.mercy.edu](http://www.mercy.edu) from now through October 15<sup>th</sup> (see registration instructions on the reverse side of this page).** The cost of tuition is \$50 per credit. Fall semester courses eligible for college credit are listed below. Please contact your School Counselor or see Mrs. Bonsu in the Guidance Office if you have any questions.
